Setting up gazebos: We will be setting them up at 8.15am so the more people that are there to help the better. We will be setting up on the hill where we normally do.

** More helpers for this would be appreciated please, and assistance to get them all back down again at the end of the day too please.

- For your reference, we would like to encourage people to do one or more of the officiating courses as we usually have to provide chiefs at our own and other clubs' carnivals.
- Please consider doing the online course in officiating. Once you have done one of the courses you can chief an event under the supervision of Judith Peel or one of the other field referees who would be more than happy to assist. The courses are not difficult. Here is the link:
